The Salini Fully Integrated dishwasher is designed to be built into your kitchen cabinetry, enabling you to match the entire unit to the rest of your kitchen cupboards for a seamless and hidden look, the ultimate in modern design.

The modern, streamlined design features easy to use electronic controls and LED panel, making this model ultra stylish and efficient.

The 6 program settings varying from a quick half load to a heavy duty wash to ensure your dishes, pots and pans are sure to come out sparkling clean and you are able to use the most appropriate cleaning wash cycle.

The upper basket is height adjustable and there is a third layer cutlery basket for extra organisation within your dishwasher. For additional convenience, a delay start option is available so that the dishwasher can be programmed to start or finish at a time that best suits you, whether you are home or not.
