Enjoy the flexibility of installation with our 450mm grab bar that can be wall mounted in a vertical, horizontal or diagonal configuration.

Providing additional support and safety of a NDIS bathroom, and can be wall mounted next to toilet, vanities or shower areas.

The ambulant 450mm grab rail offers an excellent support solution for wet exposed areas and can support up to 150kg of weight.

Made from stainless steel to suit most bathroom styles and features a satin finish with an ergonomic grip.

The 450mm grab rail features a round tube with an ergonomic diameter, ensuring a secure grip and ample hand clearance between the rail and the wall.

Also available in a [300mm](#) and [600mm](#) size to suit your desired area.

Wall mount screws and brackets included.
