The 600mm Joslin fluted curve bathroom vanity has been thoughtfully designed to bring a new charm and sophistication to your bathroom space. The matte white fluted cabinet is handcrafted with a unique panelling façade on the exterior, providing a textural luxuriance resulting in a statement piece for any bathroom.

The exterior of the vanity has a panelling cladding in a natural wood grain, making this fluted vanity an exceptional value for price. Featuring a LED sensory light that activates when opening the push to open draw. Complete the look by selecting from our range of ceramic above counter basins in a selection of shapes and styles to suit your bathroom aesthetic.

Including two push to open side curve doors that include internal shelves and small drawers available in the main draw face, no space is wasted in this deluxe vanity that will assist with your everyday bathroom needs. Constructed in moisture resistant Plywood & MDF, this wall mounted vanity brings a calming and welcoming ambience to your bathroom space.

Please note that stone and timber samples may differ from the actual product due to natural variations and batch differences. Colours displayed online may appear different due to screen settings. Standard stone and timber benchtops are supplied without holes, allowing for installation flexibility unless you choose to add tap and waste hole options to your order when selecting your benchtop. Custom stone benchtop orders will be dispatched within 15 business days. For ceramic products, specifications must allow +/- 10 mm tolerance for manufacturing variance, it is recommended to use measurements of the actual product received.*

***This hole cutting service is exclusively available with Fontaine's benchtop products only. If your benchtop is in stock, the lead time for this service is 5 business days, please add an additional 5 business days to the estimated arrival date (ETA) for out of stock products. We will provide general recommendations for standard tap hole and waste positions to ensure compatibility with your vanity. Custom positions can be accommodated; however, please be aware that the buyer will be responsible for any discrepancies, as Fontaine cannot be held liable for issues arising from custom placements. A template will be provided for your approval before we proceed with the hole cutting process. Once approved, the cutting positions will be final. This service is classified as a special order, Fontaine cannot accept returns or refunds for any benchtop services or products once the templates have been approved and signed off.*
