**\$19.00**

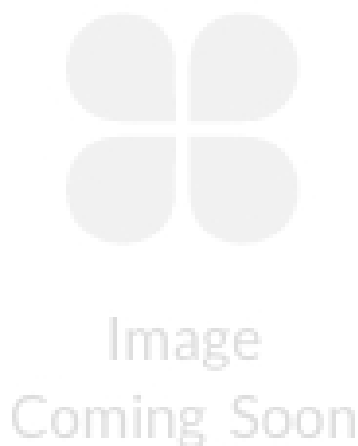

Size: 25 x 14 x 2400mm

Construction: PVC

Colour: Beige

Installation: To Fit Waterproof Wall Panels

Warranty: 5 Year Product Warranty

The Wall Panel Edge Trims have been created to finish off the span of our waterproof wall panels in a professional way, similar to how a tile trim is used. Assisting with water sealing the exposed areas and raw sides and top of the panels to ensure moisture is not entering the panel structure, whilst also providing the installation a stylish look. Wall panel trims are to be used in conjunction with the shower wall panels to create a full wall of protective lining for your shower and bathroom. Easy and flexible to install, these trims can be paired with the Shower Wall Panels in 1000mm wall panel system. They can be easily trimmed to size to suit your installation requirements.

A complete wall of shower panels makes it easier to clean and maintain than a traditional tile wall. Cleaning is easy with no grout lines that can catch soap residue or chip away in time.
